DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statements (IDS) filed Feb. 2 and April 16, 2004 are acknowledged.

Specification

2. The disclosure is objected to because of the following informalities: The phrase "Fig.10" (page 12, line 10) is typo.

Appropriate correction is required.

Claim Objections

3. Claims 10, 14, 16 and 17 are objected to because of the following informalities: There are some phrases need to clarify such as "calculate a mean threshold value for a stimulus ..." (claim 10, lines 1-2; claim 17, lines 2) and "calculate the ratio of these two mean threshold values" (claim 10, lines 5-6; claim 17, lines 5-6). It appears that claim 10 depends from claim 9 and claim 17 depends from claim 16; otherwise, there are no threshold values in the base claims for calculating the mean of the threshold values and the ratio.

Similarly, it appears that claim 14 depends from claim 13; otherwise there are no VEP signals in the base claim 11 to calculate a Laplacian response and a ratio of the Laplacian response. It still appears that claim 16 depends from claim 15; otherwise, there is no control means in the base claim 11 for the test subject to use the control means.

Appropriate correction is required.

Allowable Subject Matter

4. Claims 1-19 are allowed.

Art Unit: 2873

Conclusion

5. This application is in condition for allowance except for the following formal matters:

The objections to the disclosure and to claims 10, 14, 16 and 17 as discussed above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
